

ORDERING A HAT

Our hats are custom made to order, we make each hat to fit your specific head which means we need your head circumference and the shape. We recommend having somebody else assist you in this process.

DETERMENING YOUR HAT SIZE (A)

To figure out your hat size, measure your head with a cloth tape measure about a half-inch (1.3cm) above your eyebrows and an 1/8" (0.3cm) above your ears, please be thinking about where you will wear the hat while doing this step. Please measure tight enough so it does not slip down but not so tight that its is squishing your head. If you prefer a bigger fit please specify when sending us your measurements. Please google "How to measure your head" if you'd like to see some videos on this step to get a visual.

DETERMENING SHAPE (B)

To determine if your headshape is round, oval, or long oval, we'd like you to use soldering wire (if you don't have any at home we recommend to buy a small package about .093" in diameter. You find those at home depot for example and they run around 4-10 bucks. (**B**) **Buy Here**) Wrap wire around your head to fit snug then carefully take off WITHOUT loosing shape and trace with pen from the inside (**see C**) on to a piece of paper. Don't make multiple lines while tracing, make it clean and precice. Mark front of the headshape and place name on paper. Scan and send to hello@royalstaghats.com. Don't change file dimensions.

Please Note: We are not responsible for you measuring wrong.

So take your time, doublecheck, be cautious. Repeat until you get consistent measurements and feel confident that you've got it right. The cost for resizing a hat is 80\$ & shipping.
